

INTRODUCING

The new EVO ANGLE BARRIER!

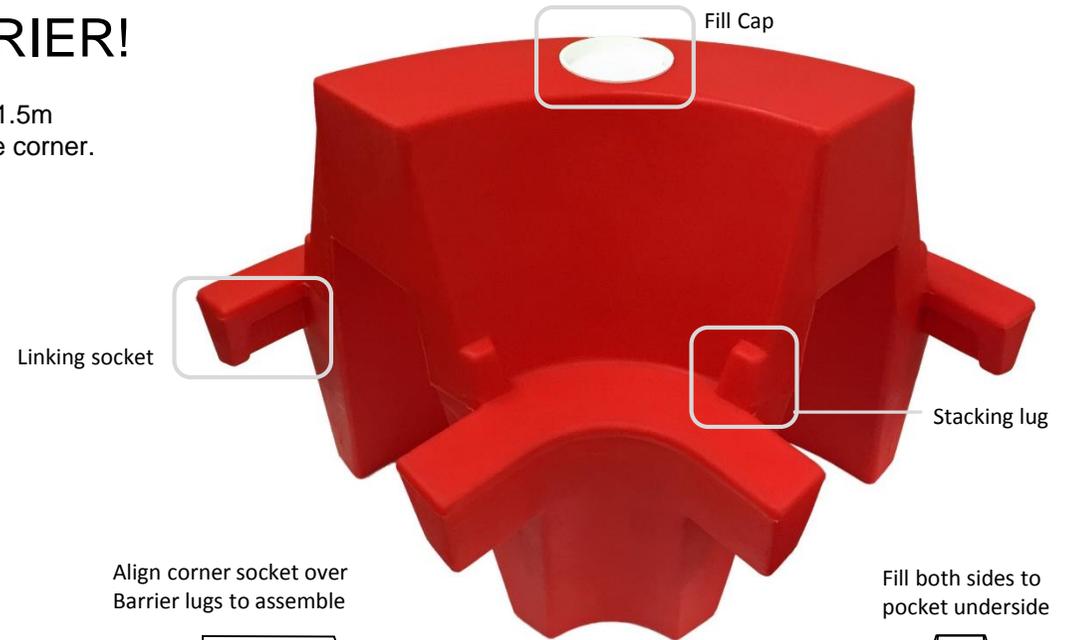

This water filled barrier fits onto either end of the 1 and 1.5m EVO barriers and provides a right or left hand 90 degree corner.

BENEFITS:

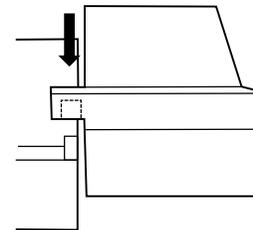

- Ensures NO GAPS between barriers when angled
- Fits EVO 1m and 1.5m barriers
- Forms left or right corner on both barrier ends
- Allows easy sectioning off of areas
- Neat and tidy appearance
- Compatible with all additional panel systems
- 100% recyclable UV MDPE
