

RIDGEWAY®

Flood Cube Pack of 4

- Water activated flood cube barrier, provides protection against flood water in both domestic and commercial properties
- Lightweight construction, vacuum packed for ease of storage
- Easy to deploy when required, activate the flood cube by submerging in water using a sink, bucket, wheelie bin, watering can, hosepipe or even the flood water
- Partial activation will occur in under 3 minutes, full activation in approximately 5 minutes. Expansion time can vary according to water temperature and flow rate. Use only fresh water to activate, not salt water
- Carry handles aid lifting
- Place expanded bags in position, these can be stacked up to 1.2m high for additional height when required in a wall-like construction for added strength and stability
- After use the flood cube should be sent to a landfill site or incineration plant depending on local government guidelines
- 5-year shelf life providing the product remains unopened
- Dimensions: Flat length x width x height 400 x 360 x 30mm
- Activated fully length x width x height 400 x 360 x 150mm
- Weight: Flat 0.33kg+5%, fully activated 20kgs+5%
- Composition:
- Outer Bag - Ultrasonic, non-woven polypropylene
- Internal Fill - Hydrophilic nano-SAP
